Known for its natural beauty, Vancouver sits on Canada’s West Coast surrounded by water and snow-capped mountains. British Columbia’s largest city is vibrant with live theatre and music, diverse restaurants, and outstanding outdoor activities.

From beautiful parks to spectacular sandy beaches, Major League Soccer to Canadian football, memorable museums to art galleries, there is something for everyone. Where else can you snowboard and sail all in the same day?

With its mild climate, friendly people and multicultural population, Vancouver is home to students from all over the globe.

Vancouver is easy and safe to get around. Walk or take public transit, rent a bicycle and ride the seawall around our famous Stanley Park or hike in a rainforest. When you are ready to relax, this world-class city offers a variety of delicious restaurants and plentiful pubs to accommodate every taste.

Also called Hollywood North, Vancouver is a hot spot for filming popular movies like Deadpool, X-Men: The Last Stand, and Twilight. Some days you can look outside VCC’s windows and see a movie being made. In fact, Deadpool 2 was filmed right outside our school.

I am a mechanical engineer. I wanted to study Business Management to improve my skills. Before I came to VIC-CC, I had analyzed different options. Many times in my search I heard and saw the names ‘VIC-CC’ and ‘LUC’. But, it is a real business teacher with real-life experience. Due to these reasons I chose VIC-CC. Now, I’m taking lessons from LUC and I am happy.

Serdar Pirselimoglu, Turkey

I was a VIC student and the Korean advisor recommended that I take the ITK course at VIC-CC after I finished Level 6. The ITK program was very helpful. I enjoyed the role play class and getting corrections from the ITK teachers. Thanks to energetic teachers, I passed the ITK test and got the five-week translation diploma. Highly recommended VIC and VIC-CC’s ITK program to everyone!

Younghak Kim, Korea

I transferred through VIC’s pathway to CTC. They have a variety of classes, you can learn specific subject that you are not good at. It was very good experience.
